

Super-Curricular Newsletter

This month's issue is packed with exciting opportunities to broaden your horizons beyond the classroom. From thought-provoking activities and subject enrichment to career insights and apprenticeship pathways, there's plenty to spark your curiosity and support your future goals.

Whether you're looking to deepen your understanding, try something new, or take a step closer to your chosen career, there's something here for you. Explore, engage, and make the most of what's on offer!

Year 12 Work Experience

Following Ms Hanlon's recent assembly, all Year 12 students are expected to independently arrange a work experience placement for the week of **11th to 18th July**.

This is a valuable opportunity for students to explore career interests, develop essential workplace skills, and gain confidence in a professional setting.

Students are encouraged to take initiative by reaching out to family, friends, and contacts who may be able to offer a placement or suggest opportunities.

Useful websites to support the search include:

- **Success at School**
- **RateMyPlacement**
- **Speakers for Schools**
- **Springpod**
- **Indeed** (search terms like "work experience" or "internships")

When contacting employers, students should be professional in their approach—whether by email, phone, or in person. **Start early**, as placements can fill up quickly.
